

 **HAPPY
holidays**

2009 has undoubtedly been a tough year for Covemore Designs, but we are looking forward to a more prosperous 2010. The New Year is already looking up with many wonderful projects, including exciting work refurbishing furniture for Parliament House in Canberra and custom built furniture for architects such as CO-AP (Collaborative Architecture Practice).

We are also looking forward to launching a new furniture range, 'in', that offers innovative, creative and affordable furniture solutions. This is part of Covemore Designs belief that quality designed furniture should be accessible to all, regardless of space, taste or budget.

Hülsta continues to inspire us in 2010 with their new innovations. You will love the new look and technology of MEGA-DESIGN and the timelessly modern bedroom range, La Vella II. We encourage you to visit the Hülsta innovations website to see what else is new for Hülsta in 2010.

Michael Lewy and the Covemore Designs team thank you for your ongoing support and wish you all the best for a safe and happy Christmas and an exciting new year.

exciting opportunities!

In 2010 Covemore Designs will launch an enriching program where aspiring designers will be given the chance to see their ideas come to life. The selected candidate will have the opportunity to work closely with the Covemore Designs team in designing and manufacturing their innovative ideas. The finished product will feature in selected online and print design magazines. This is a great way to put theory in to practice, meet industry members and get some hands on experience in design! For more information or to apply contact us at covemore@bigpond.com.au. All entries are welcome.

need design advice?

Covemore Interiors fosters an energetic approach to creating unique, bold and beautiful spaces. If you are looking for design advice or someone to take the stress of renovating out of your hands, give Covemore Interiors a call for your free consultation.
